

Fredericksburg Ballet Centre *Creative Movement Recital*

Creative Movement classes will present their own class program right in the studio. We feel that children of this age are more comfortable performing in familiar surroundings and that a performance of this nature helps to prepare them for the big spring program which they will be a part of when they reach the pre-ballet level.

Costume fee: \$45.00 Due December 19th

Please let your instructor, as well as the office, know if your child will not be participating in the performance no later than December 19th
